Our Mission: To increase opportunities afforded to each student athlete by instilling core values of integrity, character, education and specialized skills training through active participation in team sports and activities in a structured environment.

As a result of our efforts, many of the youth involved in our programs have had the opportunity to compete on local, state, regional and national levels. Many have also received scholarships to attend Division I & II Colleges and Universities across the country.

With that being said, we are enthusiastic with our growth and youth participation. As we continue to expand our programs, we depend on you, the businesses and individuals, in our community for sponsorship and support.

There are many ways to support our program and we welcome the opportunity to discuss the different ways that you may assist us; such as with a sponsorship, donation or services in kind, in lieu of a cash donation. No donation is too small, and all donations are tax-deductible.

However, you decide to proceed, we thank you in advance for your support and deeply appreciate your time.

Sincerely,
